## COVID-19 Alaska Specific Information:

- Alaska Department of Health and Social Services [COVID-19 Dashboard](#) , [Health Alerts](#) and [Mandates, Plan for Phase 1](#)

## COVID-19 Ketchikan Specific Information: Ketchikan Gateway Borough [COVID-19 Response Page](#)

## COVID-19 Unified Command Objectives:

- Safeguard health & safety of personnel and the public
- Slow/stop the spread of COVID-19
- Increase COVID-19 testing capacity
- Define end state when EOC can close
- Care for the sick
- Provide public information
- Mitigate community/economic impact
- Develop Closed POD Plans**

### Community Lifelines

## COVID-19 Ketchikan EOC Actions:

- The EOC is fully staffed and is preparing for recovery efforts while remaining vigilant and enhancing preparedness.
- The Ketchikan Daily Situation Report will incorporate “Community Lifelines”: <https://tinyurl.com/yccm5o3f>
- Plans for establishing additional Points of Distribution (PODs) for COVID-19 related vaccines and treatments are underway.
- Per the State of Alaska, a suggested target of 2% of the population should be tested per month. The Current EOC testing tactic calls for 100 tests per week which is 2.88% of the population.
- State Health Mandates 17 and 10 have been amended as they relate to the fishing industry, but may not apply to tourism.

## Operations

- The testing hotline number 907-247-TEST (8378) is available M-F 8am – 6pm, Sat 10am – 4pm, and closed on Sunday to screen and refer symptomatic individuals for testing. The hotline has taken 230 (+11) calls with 45 (+1) testing referrals.
- Wastewater testing for COVID-19 continues. First sample results have been received and were negative for COVID-19 in the City of Ketchikan wastewater stream.
- Cost of testing from Biobot will increase from \$120 per sample to \$1,200 per sample starting June 1.
- Peace Health is using QIAGEN and Abbott ID Now testing in house; effort to secure consistent reagent supply continues.
- Health care providers reported that Abbot ID Now testing supplies are only available through EOC system, will coordinate to determine provider supply needs and submit 213RR through SEOC
- Of the 211 test performed at the drive-up clinics over the previous 2 weeks, all results have been received & are negative.
- The first day of week 3 (this week) drive up testing clinic collected 27 samples.
- Conducted interview with KRBK and KDN on wastewater testing.

## Planning

- Recovery unit leader is coordinating with economic sector representatives to determine the scope and types of needs arising from COVID-19 related business closures. The information will be provided to the Policy Group for direction.

## Logistics

- Received an additional 400 N-95 masks from the SEOC bringing the total to 6,329.
- 8 testing machines on Island: Peace Health 4 Abbot ID Now, 1 QIAGEN & 1 Cepheid, KIC 1 Abbot ID Now; Power of Wellness 1 Abbot ID Now, 2 outside testing companies.
- Testing supplies:

Test kits	Complete*	Reagent	Tubes	Swabs
In stock	1,710 (+92)	1,409	2,170	0
On order	12,000	1,020	3,500	1335 (+825)

\*This is the total number of test kits available both as complete kits, and as a combination of components.

## Finance

- PROC secured a source of test kits that will resupply in batches of 100 as needed, and is researching sources of bulk PPE.
- PROC secured dedicated processing of test specimens at the Seattle lab facility as well as an allocation of Priority 1 labels.

## PIO

- Continues to release multiple social media updates throughout the day (Wash Your Paws; Ketchikan Counts/Census 2020; Daily Case Count and Testing Update).
- Printed COVID-19 testing flyers in English, Tagalog, and Spanish.
- Continues to broadcast PSA's on local radio and television.
- Medical supply donations can be dropped off at Saxman Community Center uphill side from 9am to 4pm Mon-Fri.

## LIAISON

- In concert with other officials, reviewed senior parents' graduation parade plan, will provide recommendation to UC.
- Continues to investigate complaints and respond to questions.
