Community Lifelines

COVID-19 Ketchikan EOC Actions:

- The EOC is fully staffed and is preparing for recovery efforts while remaining vigilant and enhancing preparedness.
- Per the State of Alaska, a suggested target of 2% of the population should be tested per month. The Current EOC testing tactic calls for 100 tests per week which is 2.88% of the population.
- **New IAP approved for the Operational Period beginning today.**
- **Borough Assembly approved MOA with State of Alaska for local testing of arriving passengers at the airport.**
- **Additional changes to State Mandate 10.1 and are posted at <http://covid19.alaska.gov/travelers>.**

Operations

- The testing hotline number 907-247-TEST (8378) is available M-F 8am – 6pm, Sat 10am – 4pm, and closed on Sunday to screen and refer symptomatic individuals for testing. The hotline has taken **359 (+99)** calls with **55 (+6)** testing referrals.
- **The second** wastewater sample results have been received and were also negative for COVID-19 in the City of Ketchikan wastewater stream. Researching the threshold at which the test is accurate.
- **The company used for wastewater testing has been changed** and the results will be shared with Alaska DEC when received.
- Peace Health is using QIAGEN, CEPHEID and Abbott ID Now testing machines; **started process to order CEPHEID testing supplies and Remdisivir.**
- Health care providers reported that Abbot ID Now testing supplies are only available through EOC system, will coordinate to determine provider supply needs and submit 213RR through SEOC
- **Assisted KIC with preparations for drive –up testing clinic on 6/6.**
- **Working on setting up testing facilities for out of state arrivals at the airport.**
- Drive up testing efforts have been successful and will continue each week on Wed and Thurs from 11am to 1pm
 - **The second day of this week’s drive up testing clinic collected 51 samples for a total of 116 this week.**

Planning

- **Posts Daily EOC Staff Activity Summary on Basecamp Dashboard.**
