51	1704	470	796	100

COVID-19 Unified Command Objectives:

- Safeguard health & safety of personnel and the public
- Prevent, Contain, and Stop the spread of COVID-19
- Expand local COVID-19 testing capacity
- Support care for the sick
- Provide public information
- Develop Closed Point of Dispensing (POD) Plans

COVID-19 Ketchikan EOC Actions:

- Website dashboard and test result image above will be updated next week to better display data.
- The EOC is fully staffed and is preparing for recovery efforts while remaining vigilant and enhancing preparedness.
- Per the State of Alaska, a suggested target of 2% of the population should be tested per month. The Current EOC testing tactic calls for 100 tests per week which is 2.88% of the population.
- **New IAP approved for the Operational Period beginning today.**
- Additional changes to State Mandate 10.1 and are posted at <http://covid19.alaska.gov/travelers>.
- **Developing criteria by which community risk can be evaluated and be posted for public information.**
- **AK National Guard and UAA school of nursing to assist Public Health with daily monitoring.**

Operations

- The testing hotline number 907-247-TEST (8378) is available M-F 8am – 6pm, Sat 10am – 4pm, and closed on Sunday to screen and refer symptomatic individuals for testing. The hotline has taken **773 (+172)** calls with **73 (+3)** testing referrals.
- The **seventh** wastewater sample results have been received and were also negative for COVID-19 in the City of Ketchikan wastewater stream; the results are being shared with Alaska DEC. Researching the threshold at which the test is accurate.
 - **Evaluating efficacy of the program because of the three week lag time in receiving sample results.**
- Continue to determine provider supply needs and submit 213RR through SEOC for Abbot testing supplies.
 - **Discussing strategies to maximize use of local testing machines and possibly procure more.**
- Established, operating, and refining testing facilities for out of state travelers arriving at the airport.
 - **708 travelers have been tested resulting in 7 positive cases being identified since the start of the program**
- Drive up testing efforts have been successful and will continue each week on Wed and Thurs from 11am to 1pm
 - **This week's drive up testing clinic collected 216 samples.**
 - Preparations are underway to conduct the operation without the assistance of Public Health.
 - Coordinating with Island Air, AMHS, USCG, and fish processors for testing employees and customers
 - **Preparing to test 52 AMHS crew members on 6/29.**
