

## KETCHIKAN GATEWAY BOROUGH, CITY OF KETCHIKAN, AND CITY OF SAXMAN

### **MEDIA RELEASE: ONE NEW POSITIVE CASE AT SEAFOOD PROCESSING PLANT**

Date: July 6, 2020 4:30 p.m.  
From: Ketchikan Emergency Operations Center (EOC)  
Contact: Kacie Paxton, Public Information Officer, 228-6605

#### **For Immediate Release**

One (1) new positive test result for COVID-19 has been identified through the COVID-19 testing program at a local seafood processing plant. This is the second case of COVID-19 announced in Ketchikan today.

As part of the company's COVID-19 mitigation plan, this person has been in quarantine since arriving to Ketchikan, and was tested today for the first time. This individual is currently asymptomatic. This individual has been contacted by a health care provider with notification of the positive result, has been placed in isolation, and is being monitored by healthcare providers.

Public Health officials have been notified and will begin the contact investigation today and reach out to any person who may have come into contact with this individual. Public Health will notify and quarantine additional persons as appropriate. Through the contact investigation, Public Health will direct testing of persons that meet criteria based on contact with any confirmed case of COVID-19. Individuals who meet the criteria are being tested in accordance with CDC and State of Alaska priorities.

This local seafood processing plant has a COVID-19 mitigation plan in place and is actively maintaining and operating under the plan. The purpose of the plan is to detect the presence of COVID-19 at an early stage and mitigate the risk to other employees and individuals. This has been done through the systematic testing and isolation of the affected individual. The detection of this positive case shows that the plan is working effectively.

This case brings the cumulative COVID-19 case count, including travelers, to 32. The number of positive cases of individuals residing or staying in Ketchikan is 28. Of the 28 cases, 3 are still active, and 25 have recovered.

If you think you have been exposed to COVID-19 and develop symptoms, such as a fever, cough, or difficulty breathing, call your healthcare provider for medical advice or use the Testing Hotline and call 247-TEST (8378). The EOC Drive-Up COVID-19 Testing Clinic will be open each Wednesday and Thursday from 11 am to 1 pm at Berth 3.

Current information on the response to COVID-19 in Ketchikan is provided at [www.kgbak.us/913/COVID-19-Response](http://www.kgbak.us/913/COVID-19-Response). Information on COVID-19 is available through the Alaska Department of Health and Social Services (DHSS) at [www.covid19.alaska.gov](http://www.covid19.alaska.gov).
