<b>Tests Pending Results</b> <div style="text-align: center; font-size: 24pt; font-weight: bold;">153</div>	<b>Positive Cases by Location</b> 
<b>Asymptomatic Tests</b> <div style="text-align: center; font-size: 24pt; font-weight: bold;">2843</div>	

COVID-19 Alaska Specific Information: [Alaska COVID-19 Dashboard](#)

### COVID-19 Unified Command Objectives:

- Safeguard health & safety of personnel and the public
- Prevent, Contain, and Stop the spread of COVID-19
- Expand local COVID-19 testing capacity
- Support care for the sick
- Provide public information
- Develop both Open and Closed Point of Dispensing (POD) Plans
- Determine future funding sources or constraints as emergency declarations and Federal funding options sunset.

## COVID-19 Ketchikan EOC Actions:

- New IAP approved for the Operational Period beginning today.
- Created draft Community Risk Indicators - Risk Levels – Mitigation Measures information is now included on the dashboard located at <https://kgbak.us/covid19> and included them in daily test and case count updates.
- A new saliva based test has been approved by the FDA – Staff beginning to research feasibility of use in KTN
- BIOFIRE testing machine has been received by Creekside Clinic, installation scheduled for next week.
- Community Risk level has been increased to Level 2-Moderate due to 3 positive cases of community spread this week.

## Operations

- The testing hotline number 907-247-TEST (8378) is available M-F 8am – 6pm, Sat 10am – 4pm, and closed on Sunday to screen and refer symptomatic individuals for testing. Calls received: 1,480 (+12) Testing referrals: 278
- Continued wastewater testing and hand sanitizer distribution programs.–Evaluating the value of continuing the wastewater testing operation.
- 11,870 travelers have been screened resulting in 18 positive cases being identified since the start of the traveler testing op.
- Drive up hours have been expanded to 9:30 to 11:30 am and 2:30 to 4:30 pm Tuesday through Saturday weekly at Berth 3.
  - Samples collected; 70 drive-up and 32 AMHS. Travel voucher testing is also available at the drive-up site.
- Finalized list for one-month supply of PPE. Working on a program to maintain that supply in reserve.
- Coordinating with fish processors to establish a surveillance testing program.
- Reviewed revisions to Health Mandate 10 and began adapting operation for using State online Portal.
- Relocated traveler testing site to the airport and revised drive-up testing hours to accommodate voucher testing.
- Finalizing design of a more weather resistant facility for drive-up testing during the winter months.
- Working toward Traveler Testing Portal for testing documentation, and making other refinements to testing operations.

## Logistics

- 9 testing machines on Island: Peace Health 4 Abbot ID Now, 1 QIAGEN & 1 Cepheid, KIC 2 Abbot ID Now; Power of Wellness 1 Abbot ID Now, 2 outside testing companies.
- Distributed 30,000 masks, other PPE, and testing supplies. Also identified a new source and ordered more supplies.
- Testing supplies:

Test kits	Complete <sup>1</sup>	Reagent	Tubes	Swabs	Cepheid <sup>2</sup>
In stock	2,975 (-123)	705	2,248	0	1560
On order	10,000	1,020	3,500	1335	

<sup>1</sup>This is the total number of test kits available both as complete kits, and as a combination of components.

<sup>2</sup>These kits can only be used in the Cepheid testing machine and are not included in the Complete kit count.

## Finance

- Developed an MOU between KIC clinic and COK for operation of the Luminex testing equipment.
- Verified that the BIOFIRE testing machine can be used for drive-up testing and modified the MOU to include it.

## PIO

- Social media posts on Borough and City Facebook, Instagram, and Twitter: Traveler Testing Updates; Immunization reminder for children; What to do if you think you have been exposed; and Cares act funding.
- Weekly EOC Updates and Media release for 5 New Positive Resident COVID-19 Case and change to risk level.
- Drafted Weekend Display ad in KDN: Traveler Testing and Drive Up Testing Updates.
- Created, ordered, and delivered new signage for airport and drive-up testing locations. Developed, printed, and delivered new handouts for traveler testing.
- Developed responses to unique traveler testing questions.

## Liaison

- Continues to coordinate with several entities regarding plans for upcoming events. Including Totem to Totem race, Rainingman event, Haunted House food drive funding event, Cape Fox Ale Fest, Rainman, and Ward Cove event.
- Developed boilerplate plan template to assist event organizers in writing a Covid-19 safety plan.
