

KETCHIKAN GATEWAY BOROUGH, CITY OF KETCHIKAN, AND CITY OF SAXMAN

EOC COVID-19 CASE COUNT UPDATE: ONE NEW CASE | ONE NEW HOSPITALIZATION

Date: January 6, 2021
From: Ketchikan Emergency Operations Center (EOC)
Contact: Kacie Paxton, Public Information Officer, 228-2464

For Immediate Release

There was one new case of COVID-19 reported today through a local clinic. The individual sought testing due to experiencing symptoms. The source of the case and the contacts are under investigation.

Update on Cases Pending Investigation: The source of case pending investigation from January 5th was determined to be a close contact to a known positive. The contact investigation is ongoing.

During the contact investigations, Public Health will work with the individuals who tested positive to notify anyone identified as close contacts and to advise those close contacts to quarantine. Close contacts should receive a phone call either from Public Health or from the individual who tested positive. Anyone with questions whether you are a close contact to a known positive case is welcome to call Public Health at 225-4350.

Hospitalization Update: There are currently two individuals admitted to the Ketchikan Covid unit.

This case brings the total cumulative Covid-19 case count, including travelers, to 278. The number of positive cases of individuals residing or staying in Ketchikan is **261**. Of the 261 cases, **20** are still active, **1** deceased, and **240** have recovered.

Airport Traveler Test Result Update: Travelers with **POSITIVE** results will receive a phone call notifying them of the results. **NEGATIVE** results are uploaded into the Alaska Traveler Portal with an automated email to the traveler (not a phone call).

Drive-Up Test Result Update: Please refer to the dashboard at www.kgbak.us/covid19 for the most current information on Drive-Up Testing results. Only positive results will receive a phone call. The Berth 3 Drive-Up results are complete through **January 2nd**. If you tested on or before January 2nd and have not been contacted, your result was **NEGATIVE**.

The Community Risk Level is at Level 2 – Moderate.

Level 2 - Moderate	Moderate: Can travel outside home with safety measures Schools: Staff 100%, Students 100% with safety measures*** Indoor mid-size gatherings <50 with safety measures** Outdoor mid-size gatherings <100 with safety measures** Businesses limited openings with safety measures** Healthcare services with safety measures (e.g. elective procedures)** No non-essential visits to congregate facilities (e.g. nursing homes) Recreation with safety measures**
