Alaska Department of Public Health

A Drive-Up Vaccine Clinic for anyone 18 and older will be offered by Creekside Family Health Clinic on April 1st, 2nd, 8th, and 9th from Noon to 2 p.m. at the Berth 3 Dock. Call 220-9982 for more information.

Additional Vaccine Appointments are also available at local providers for the Pfizer vaccine for anyone 16 and older, and Moderna vaccine for those 18 and older. To find and schedule an available appointments:

1. Make an appointment directly with a local Ketchikan provider. See the list of providers at www.kgbak.us/covidvax
2. Members of the Ketchikan Indian Community or Saxman tribal citizens may call the Ketchikan Indian Community Clinic at 907.228.9200.
3. Appointments can be scheduled online at <http://covidvax.alaska.gov>
4. Call 907-646-3322 for assistance with scheduling an appointment. The call line is now staffed Monday-Friday from 9 a.m. - 6:30 p.m. and 9 a.m. - 4:30 p.m. on weekends.

The EOC recommends that you research the COVID-19 vaccine to determine if it is right for you. Before scheduling your appointment, contact your healthcare provider to discuss the vaccine and available options.

Be sure to keep your COVID-19 vaccination appointment!

COVID-19 vaccines have a limited shelf life once a vial is open. Local healthcare providers set up appointments so that they can open a vial of COVID-19 vaccine and use all the doses in the vial while it is still good. When a person does not show up for their shot, the unused vaccine may expire and have to be discarded. With so many people waiting to get the vaccine, it is important to use every bit of it to help end this pandemic. If you have an appointment and have to reschedule, please contact your provider as soon as possible to do so.

The Free Berth 3 Drive-Up Testing Clinic is available Tuesday through Saturday from 9:30 to 11:30 a.m. AND 2:30 to 4:30 p.m. The clinic will NOT be open on Sunday or Monday.

If you do get tested because you have COVID-19 symptoms or have had a close contact with someone who has it, you should self-quarantine at home pending test results and follow the advice of your healthcare provider or a public health professional. Anyone with questions or concerns about recent exposure to COVID-19 is encouraged call Public Health at 225-4350.

Current information on the response to COVID-19 in Ketchikan, including additional data regarding Ketchikan’s community risk, Berth 3 drive-up testing, airport traveler testing, and local vaccination data, is provided at www.kgbak.us/covid19.

General Information on the COVID-19 vaccine in Alaska is provided at <http://covidvax.alaska.gov>. The Alaska Health Advisories are available at www.covid19.alaska.gov.

#

ⁱ *See Detailed Mitigation Measures table for more information. At all levels, individuals should wash hands, cover coughs, wear a mask in public as indicated, stay home if sick, maintain physical distancing, keep surfaces clean. Vulnerable people 60 and older or those with underlying conditions or immunocompromised should minimize travel outside the home.

** Safety measures include appropriate measures to reduce transmission such as reducing occupancy, staggering shifts, working remotely, physical distancing, separating customers from employees, reducing public transportation use, screening employees, working in lower transmission geographic areas, reducing risk to vulnerable groups, keeping places clean with routine cleaning and disinfection, providing necessary supplies and equipment (e.g. sanitizer).

*** See [KGBSD Coronavirus \(COVID-19\) Page](#) for additional information.
